Moon

Moon in 5th House

You may get support from those around you or from your general surroundings (situation) to be more creative and expressive. Others may urge you on toward a more self-confident and outgoing attitude.

Moon Sextile Moon

A great time to reflect and understand your own situation, just how you feel about yourself. Emotions in particular, or the feelings of those around you, may be very clear. A nice time.

Moon Conjunction Mercury

A good time to read a romantic book or take in a movie. Ideas and thoughts will have greater meaning and form just now. You may be very eloquent or forceful in speaking or communicating. People will understand just what you mean.

Moon Sextile Venus

You may be able to enjoy and value your own life situation today or feel especially kind towards a friend or loved one. Someone may compliment you on your tastes or belongings.

Moon Trine Neptune

Everything conspires to reveal you at your most elegant, particularly in social situations. You will have a grasp for abstract and spiritual ideas and the ability to present or communicate these to others.

Moon Sextile Pluto

You may be sought after for your advice and counsel regarding very personal and emotional issues. You will be able to be understanding and handle this very volatile material. You are able to cut through the red tape and get at what is beneath and behind.

Sun

Sun in 1st House

A time to let go of all that is worn out and superficial and to bring what you can across into your personal life. A turning away from the outer world, focusing now on personal and inner changes. New information emerging catches your whole attention.

Sun Sextile Moon

A nice day that should just flow along. In particular, you will do well in activities that include children, younger people, and your home and surroundings. You could feel real support and harmony at this time for circumstances and those around you.

Sun Trine Mercury

New ways to communicate or an easy manner will make conversations and interactions go well today. You may find yourself more talkative and facile than otherwise. A dialogue with an older person may take place.

Sun Sextile Venus

A very nice day, perhaps filled with some renewed appreciation for all that is beautiful and fine. A sense of value and valuing that may find you lavishing affection on those near you. You might feel love or value for an older person.

Sun Opposition Uranus

Someone may oppose you and frustrate your sense of independence today. You may feel squelched or thwarted in a relationship, be it romantic, a friendship, or job related. New ideas and insights may be slow to come just now. Someone older may stifle you.

Sun Trine Neptune

Let yourself dream today. These days don't come too often, so don't ignore this opportunity to let your imagination loose. Perhaps a good book or movie will take on that more-than-real dimension. Consider the stars.

Sun Opposition Pluto

Your own inner need for change and growth may be threatened by someone older or by circumstances. There could be some underhanded or devious goings-on behind the scenes as well. Tension of a psychological or political nature may be present.

Mercury

Mercury in 1st House

Thoughts about yourself, your appearance, and how you come across to others may be to the fore. You may appear unusually witty or communicative.

Mercury Square Sun

You may have a hard time being clearheaded right now. Thoughts and ideas that come may be inappropriate or misleading. A lot of nervous energy. Arguments are possible with an authority figure or someone older than yourself.

Mercury Square Midheaven

You may not be able to keep your mind on your job or whatever you're doing just now. It could be hard to make good job-related decisions.

Venus

Venus in 1st House

You may be in a position to gauge and measure your own appearance -- how others see you. You appreciate and value yourself, how you come across.

Venus Trine Sun

You are in a (perhaps) rare mood of self-enjoyment and can appreciate your own better qualities. You may see value in or feel love for an older person or someone in authority.

Venus Opposition Mars

You may not appreciate the emotional energy of someone you meet. They could appear aggressive or pushy. You don't like the way a situation feels at the gut level.

Venus Opposition Uranus

Someone unexpected may confront you or you may not like their independence or eccentricity. You may not appreciate their very different perspective or attitude.

Venus Conjunction Ascendant

You appear perhaps more charming and refined than usual. Now could be the time to make that date, apply for the job, or otherwise make yourself known.

Mars

Mars in 1st House

You could feel an urge or sudden impulse to present yourself to others and to get your emotions across. A drive to be more outgoing and aggressive could find you rushing in where you never dared to before.

Mars Square Sun

Emotions may flare up or arguments occur that work against your own best interests. Be prepared, and walk softly.

Mars Trine Mercury

You may be very forceful in what you say and think. With all of this emotional energy, you could speak or communicate very well. You have mental drive.

Mars Trine Neptune

A strong drive to unify and simplify. You want something more imaginative and less mundane. A yearning for other worlds and for some more cosmic form of love.

Mars Square Midheaven

Harsh feelings could flare up on the job or with authority figures. Cool it, and let this one pass.

Jupiter

Jupiter in 3rd House

You may find yourself succeeding and moving ahead by using your mind and thoughts. Also, communication and research in all forms could be a key area for career growth.

Jupiter Trine Jupiter

A time of good fortune when things open up in a very natural way for you. Situations are almost tailor-made, and it is easy to see which path is the one to take. Opportunities abound, and you may find yourself wanting (and able) to do almost everything.

Jupiter Trine Saturn

A real time to buckle down and consolidate your career. Your organizational abilities and sense of responsibility will be what guide you and prove successful. Your career could assume a much more determined and solid form -- a firm

foundation.

Jupiter Square Pluto

This could be a difficult situation. Your career and path to success seem to be running counter to your need for change and self-growth. Job requirements may stifle your sensitivity, hold you back from growing. Tread this one with care.

Jupiter Opposition Midheaven

This could be a time of challenge from a career standpoint. You may find yourself spending more interest and energy at home and with the family, and having less shine on the job. This home life will lay the foundation for greater confidence at work.

Saturn

Saturn in 8th House

"Take care of business" is the key to present moves. This is a time to concentrate on essentials, to cut through outer superficialities and find a more lasting reality. Strict business decisions are in order.

Saturn Trine Mercury

Your mind may be very clear now and your thoughts brought to a sharp focus. Easy to organize your thoughts, and communication of all kinds is furthered. Write that book, take that course. Your thoughts count now, so use your mind. Communicate.

Saturn Square Mars

Not an easy period for most of us. Events conspire to work against our own ambition and drive, bringing obstacles and slowing progress to a halt. Easy to overdo, strain, and explode under these aspects, so take it easy. Bide your time.

Saturn Square Jupiter

Events make it difficult to make good decisions concerning career and life direction. The danger of building on unsound foundations or expanding too fast is present. You could feel up tight and blocked on all sides... unable to move forward. Patience.

Saturn Conjunction Neptune

You could be forced to re-define your ideals and reshape your self-image. Making your dreams real (and seeing that reality is all you dreamed it could be) is your focus now. You may find your intuition and sense of truth deepening.

Saturn Square Ascendant

A time when you may feel your style is severely cramped, particularly concerning relationships and your own basic worth and self-image. It may be hard to convey yourself and to communicate with others. A lot is happening!

Uranus

Uranus in 2nd House

Innovations -- new and possibly unconventional approaches to being productive or making money -- are in order. Your response to life becomes more original and innovative.

Uranus Square Mercury

A tendency to act suddenly, without thought or consideration. A lot of mental tension or worry stemming from a rebellion against ideas, the way you think and communicate. An urge to break out of old mental patterns that could be destructive.

Uranus Sextile Jupiter

Breakthroughs in your career could open up during this time, making it possible for you to solve problems and reach new levels of accomplishment. Improved solutions, insights, and approaches make this an opportunity not to be passed over.

Uranus Trine Midheaven

Insights and breakthroughs regarding career. A time during which new ideas and approaches in management, and all practical vision are possible. Perhaps a new-found independence and originality manifests itself in your working environment.

Neptune

Neptune in 1st House

You are able to bring your dreams and ideals through into your personal life. Others sense the spirit of community and cooperation that is manifesting in you. It is plain to see. You feel more imaginative. You sense the spirit.

Neptune Sextile Moon

An opportunity to use your imagination to improve your living environment or beautify your surroundings. You may feel very idealistic about your friends, especially someone who is younger or who could use your help. Others give you

ideal support.

Neptune Trine Mercury

You are at your most poet, able to put your dreams and ideals into words and communicate them through speaking and writing. Your whole mental environment takes on an almost other-worldly hue during this time. Your muse wakes.

Neptune Sextile Venus

An appreciation for ideas and thoughts that are quite other-worldly is upon you. It is easy for you to love and be compassionate and to value what life offers. You have a sense of unity and brotherhood that will stay with you. A renewed set of values.

Neptune Trine Neptune

A time to reach beyond the physical into the realm of myths and dreams. You may have the sensation of being awake within your own dream, and reality may be like you dreamed it could be. This is a time for visions and seeing the unity beyond differences.

Neptune Opposition Pluto

Your dreams and ideals may conspire to ignore and push aside the need in you for real inner growth and transformation. If you get too carried away or lost in the dream world, you can expect to be hauled back by some very personal inner confrontations.

Pluto

Pluto in 11th House

A burning zeal for humanitarian goals, what is best for the many, the community. With little patience for redtape and superficialities, you insist on getting right to the heart of any question.

Pluto Trine Moon

Your support system (family, home, those who give you nourishment) becomes more secure. You are able to dispense with some of the unessentials and develop what is most basic and true in your environment. You encourage better support.

Pluto Opposition Mercury

A time when your inner and personal thoughts and experiences cannot be put

into words, or had best not be. Ideas and communication in general may tend to be superficial, deliberately avoiding anything of substance or controversy.

Pluto Trine Venus

A natural transformation of your values (the way you appreciate and love yourself and others) is taking place. You may cease to waste time (and money) acquiring that which is worthless, and may develop an eye for that which is lasting and worthwhile.

Pluto Sextile Neptune

A time to really examine and analyze your dreams and ideals. It can be easy now to separate the wheat from the chaff and get rid of much of the "pie in the sky" stuff you have bought along the way. The results are solid goals that support you.

Pluto Trine Pluto

Continual discovery, persistent search, and continual change and transformation keep you on the move and growing. You are able to penetrate and get to the very heart of things; thus research and the like would be good.

Node

Node in 9th House

Defending the higher cause may fall your lot, which can be time-consuming, so watch what you take on, because you have to keep it, and keep it up. In the process, however, you'll find that you come to know everybody as you uncover the specific applications for the general issues that have taken you in thrall.
