Moon

Moon in Taurus

You have strong, stable emotions and tend to draw around you the perfect environment for your upbringing. The thing you need is always at hand. In addition, you get much support and good fortune from friends and relatives. You value constancy and security in all things and possess a good business sense. You are, by nature, very domestic and enjoy nice surroundings.

Moon in 2nd House

Good things (the support you need) always seem to come to you. Friends, co-workers, and plain old lucky circumstances offer encouragement and backing. You often get what you need, when you need it.

Moon Conjunction Venus

You like other people, and they can tell. Others value you for your sense of discrimination and kindness. You love working with groups, especially in psychological areas and where feelings are involved. You are very discriminating when it comes to your home and surroundings -- a great lover of tradition. Your love of history, different cultures, and your own past is exceptional. You value and are a connoisseur of all things bright and kind.

Moon Square Jupiter

The path or career that you take may go against tradition and thus sometimes be a lonely one. Don't expect much support from those around you. There is also some danger you could overextend, making decisions that go against your own better feelings and instincts. Career choices could be at the expense of home and surroundings. Your approach to solving problems may get you in hot water with others, resulting in frequent debates, if not out-and-out arguments.

Moon Square Saturn

You have difficulty controlling your emotions, and this often results in flare-ups with others, especially family or those closest to you. This could cost you much-needed support and intimacy. Your tendency to get harsh, both with yourself and with those around you, may mean that you spend a lot of time alone. You have a

tendency to spoil your own nest. Your many responsibilities and obligations may keep you away from those who would offer you much-needed support.

Moon Trine Uranus

You are very original when it comes to home and surroundings -- the environment you build around you. This could also manifest in unusual ways of supporting yourself. Your mother may have been quite eccentric or your upbringing somehow different. When you have breakthroughs, they often come as insights into your immediate surroundings, home, and environment -- your support system in general. This could also manifest in your finding new and different ways to make a living. You may have new ideas about the past, history, and younger people, find it easy to create an unusual environment, and enjoy surrounding yourself with what is new and different.

Moon Opposition Neptune

The image you project of what is perfect or ideal from your point of view may find little support at home. Others could oppose or block you in these matters, and maintaining your dreams may be at the price of your friends and surroundings. You may find your background, environment, and all that is traditional less than ideal, even flat and uninspiring.

Moon Trine Pluto

You have natural psychological ability, in particular when working with the public. You can handle emotional and personal issues (vulnerable areas) where angels fear to tread. People sense this about you and trust you with sensitive matters, inner worries, and questions of personal identity. You have a real mission and a sense of purpose.

Sun

Sun in Gemini

You love to investigate, search, and explore. You are also very communicative by any means: talking, writing, broadcasting... even by car. Always going beyond conventions into whatever's new, exciting, and spicy, you are happy when caught up in the variety and complexity of life.

Sun in 4th House

Home, family, and security are important to you. You love to send out roots and build a home base. Sensitive and somewhat private, you tend to be a very feeling (and sometimes vulnerable) person. You sense things and have a good feel for business.

Sun Sextile Mars

A natural ability to use emotions in productive ways. Entertaining others is one form this might take. Hard work and all things physical (such as sports and outdoor activities) should be a snap. You are able to manage and see how to work with the energy of others.

Sun Sextile Uranus

Breakthrough flashes of insight with tremendous originality and independence are typical. A natural sense of invention and a love of all things electrical and of communication in general. A born traveler, not afraid to be alone. You go your own way.

Sun Opposition Midheaven

You tend to be a home body, and family interests often outweigh career concerns. This could prove difficult if you neglect practical matters or go out of your way to challenge those in authority. Others may find you uninterested in fame and career.

Sun Trine Ascendant

You get along well with older people, especially those in authority. It is easy for you to convey yourself to others, and you always manage to make a good appearance. You have an easy manner and find it easy to communicate with just about anyone.

Mercury

Mercury in Cancer

You sense things with the mind and understand that feelings are thoughts too. What does this or that thought mean? Where is it pointing? These are questions you ask. You use subjective rather than objective logic -- intuition and gut instinct. Poetry, music, and the arts interest you, as do psychology and the psyche.

Mercury in 5th House

You can express feelings and put emotions into words. This could give you a flair for the dramatic, public speaking, poetry, and the arts. You are proud of your mind and enjoy using it, solving puzzles -- any creative mental outlet.

Mercury Trine Neptune

You are expert at working with words that communicate mystical and mythological ideas. You are at home in these realms and can always manage to

bring other-worldly ideas into the practical realms. You would make an excellent teacher of philosophy or religion, for you can't help but communicate these subjects and enchant all who come to know you. Your understanding of the unity behind appearances, along with the ability to put these thoughts into words, is a rare and valuable gift. You would make a good director, for you like working with mental images.

Mercury Sextile Pluto

Penetrating, probing mind that is good for research. Can see far beyond normal concepts in areas of religion and psychology. Always want to get to the bottom of things, get under or beyond the superficial. A sense of the eternal.

Venus

Venus in Taurus

Let's get physical! You love to touch and you can be very possessive. You love food and all the creature comforts. Money and what it buys are very important. You are a gentle lover and like a good home life. You are very loyal, loving, and down-to-earth. You may like gardening and gift-giving.

Venus in 2nd House

You have a natural love of possessions and the material world. You value art and all that is beautiful and fine. Your sense of taste and discrimination is excellent.

Venus Square Jupiter

You don't like making career decisions, and you can get downright confused when it comes to making the right choice. You may not appreciate advice, and this makes the problem somewhat more complex. It could be important for you to get the counsel of a trusted friend, someone who can advise you as to the right choices. Whether you happen to like them or not, once you have determined the right route, you should take it.

Venus Square Saturn

You have trouble accepting responsibilities. You don't like them. You would rather enjoy yourself at the expense of any obligations, letting them accumulate as they will. This struggle with authority and simple duty makes for great tension and diminished good times. It is hard to have fun when you are ignoring your responsibilities. What we have here is a stalemate.

Venus Opposition Neptune

You don't appreciate other-worldly talk. Dreams, imagination, and images are a lot of "hooy," as far as you're concerned. You find it hard to let go, and you stick to a value system that even you know is less than ideal. You compromise your own ideals and values out of fear of being deceived and led astray. "They" are all charlatans, as far as you're concerned, which is one way of showing how important this subject is to you. Confrontations along these lines are easy to come by, and you seldom fail to bite.

Venus Trine Pluto

You are very skilled at working with psychology, and the hidden recesses of the mind are, to you, no secret. You would make an excellent psychologist and teacher of this subject. These same skills make it possible for you to work with the public, in politics or wherever handling sensitive or "hot" issues is routine. You value change and transformation and have an almost reckless faith in the life process. You love to be touched at the most personal and vulnerable levels.

Mars

Mars in Leo

You are always center-stage and entertaining others. You have an almost fierce sense of pride and are very dramatic and expressive, sometimes forceful. You are a natural at sports, games, anything that "gets it out." Very emotional, you have strong likes and dislikes. You are good with kids, animals -- a teacher or coach. You act it out.

Mars in 7th House

You are highly motivated when it comes to relationships (social or private) and strive to rise above personalities. An urge to see unity in everything, to marry or join all disparities, may find you going overboard now and again.

Mars Conjunction Uranus

You are probably hard to control and very unpredictable. Your drive for independence is obvious, and it is clear that the common and the traditional are not for you. Anything else but that! You pursue alternate or nonconformist solutions to life with great energy. Your temper is hot and sharp and tends to snap out like a lightning bolt. You are aggressive in the pursuit of gaining insight into all that is new, different, and out of the ordinary. Electronics, computers, and communications could be a big part of your life.

Mars Trine Midheaven

You put forth a lot of effort, in particular regarding your career. Your drive and

ambitions work well with whatever management skills and practical ability you have, producing a harmonious work environment.

Mars Opposition Ascendant

You are very competitive -- even pushy -- when it comes to partners and other people. You have a great social drive and love to work in a group or with close friends.

Jupiter

Jupiter in Aquarius

A true progressive, especially in community or group work, you are democratic to the point of being radical -- an idealist. You are cool and impersonal when it comes to being fair or just, with a great interest in new trends and world affairs. You are future-oriented. Application-minded.

Jupiter in 12th House

You could excel in a career that involves understanding and self-sacrifice. Psychology, counseling -- guiding others to be forgiving and accepting -- may be a special skill that you have. Work with mental patients, prison inmates, and the like is possible.

Jupiter Conjunction Saturn

You are very "bearish" when it comes to security and seldom make a move that does not strengthen your position. You pursue responsibilities the way others pursue pleasure, and you even invite obligations. Career moves are always solid, based on sound principles, and may be tied in with the law or authorities -- all that is solid and well-reasoned. You don't invest in anything that is not tried and tested. Truth, religion, and philosophy are subjects of great interest.

Jupiter Square Neptune

Your tendency to compromise and settle for less than you dreamed can be a problem. Given the opportunity, you may choose the path of least resistance, willing to bypass some of the things you always wanted in favor of expediency. Career moves must be given special attention. Tension results when you ignore your own desires (the things you need and want) and take a course of action, job, career, or whatever that can never satisfy. Or worse, you may find yourself in a job that is compromising.

Saturn

Saturn in Capricorn

Organizational problems. You have a tendency to avoid taking charge or responsibility and may need to accept a more disciplined and serious approach to life. Learn to enjoy hard work. Persevere. Learn how to manage. You may feel uncomfortable when in the public eye.

Saturn in 12th House

You are very serious when it comes to self-sacrifice and doing all you can to make things easier for other people. You pursue psychology, the human psyche, and things mystical. You are quite painstaking when it comes to giving and helping others.

Uranus

Uranus in Leo

You have great insight into matters of personal freedom. You come up with brilliant ways to express, emote or act things out. New methods of lovemaking, raising kids, caring for animals are yours. You are outspoken, very dramatic, impressive, and even regal. You relax with children, sports, acting, singing, and such. You really like yourself.

Uranus in 7th House

You seem to assert your independence in relationships and the social scene. Unconventional, to say the least, you may well enjoy a different kind of marriage or friendship. You have insight into marriage or yoga -- the ties that bind.

Uranus Opposition Ascendant

You have unusual relationships, perhaps a number of them, and not always of long duration. You are creative when it comes to partnerships or lovers and seem to establish unusual and different relationships.

Neptune

Neptune in Scorpio

Unafraid of the "dark" side of life, you are interested in esoteric religion, everything mystical or occult, and so on. Sexuality and physical desires are encouraged and seen as spiritual. Money, power, and things of this world are O. K. too. The physical is ideal. Possessions.

Neptune in 8th House

You are very trusting and idealistic when it comes to taking care of business, getting down to the nitty-gritty. You see the best in a situation, making it hard to say no or cut yourself the best deal. Initiation and the mystical will appeal.

Neptune Sextile Pluto

A searing vision that cuts through what passes for conventional religion. A vision of the endless process of life ever being born afresh. Great acceptance and faith in the natural process and next generation. Love of children and animals.

Pluto

Pluto in Virgo

You tend to be radical when it comes to self-analysis, which means health care, food, physical wellbeing, and so on. Serving and caring for yourself and others are primary sources of inner growth and changes. You are sensitive to criticism.

Pluto in 7th House

Change and inner growth tend to come through your relationships with both friends and lovers. Marriage, union (yoga) will be very intense and not at all superficial. You get to the heart of a relationship each and every time.

Node

Node in Virgo

When you start arranging things, mind you don't get in over your head unless you mean to. If you offer your services as an improvement, you may find yourself carrying the load for the duration. In return, life offers you elsewhere a look into the spiritual side of existence that no amount of study could reveal.

Node in 7th House

In order to get the partnership you want, you may find yourself being put in charge of the process, which may take some of the charm out of it. But by getting to know it well, you don't have to go far for your rewards, as they are put into the palm of your hand personally, and shine through when you look in the mirror.

Midheaven

Midheaven in Sagittarius

You may gain the reputation of someone who sees the whole picture, is a

stalwart thinker, and who is dedicated to independence. Well, who said it all had to be true? Your reputation precedes you, even when it's bigger than life.

Ascendant

Ascendant in Aquarius

Very much a social animal, you communicate yourself best when in a group or when working toward some very worthwhile goal. You come across as impartial, tolerant, and open. Your idealism is apparent to all who come to know you.
