Frederick Chopin - Highlights for Chart

Rising:
Careful and precise, Virgo appears caring and responsible. Its attention to details and analytical skills (and probably mental, verbal) is obvious to all. Appearance is always refined and neat.

Strongest Planet:
You are fiery, self-motivated, aggressive, and courageous. You are direct and often tactless. You do not like to be told what to do and you are content to blaze your own trail. You can discover and invent, but may also lack follow-through.

Life Force:
You draw energy from yourself and feel most alive when fulfilling your inner sense of promise. You can be a force to reckon with, but only when you are on track. Self-doubt can lead to lethargy, so you need to stay in touch with your inner mission.

The Closest Aspect:
Reputation and stature are important to you. You strive and struggle to attain a position of leadership and power. A secure domestic and inner life is equally important to you, and you tend to be torn between dedication to home and to career.

Emotional Environment:
Attention & appreciation from others are important to you. Your creative expressions are also very dear to you, some of them representing the most meaningful aspects of yourself. You enjoy children, games, and sports.

Life Mission:
A great deal of your sense of self-worth is derived from being a competent, efficient worker and doing a good job. You are attentive to details and have a high standard of perfection for yourself.

Mind:
Problems and decisions are handled in an organized, efficient manner. You like to apply your mind in a practical way to make something work more efficiently and effectively. You succeed in skilled trades.

Attachments:
You like to make work an enjoyable experience; a job should not be drudgery, and you do what you can to make it enjoyable, pleasant, and a labor of love. You enjoy helping people; you do a good job, but are not a fanatic about it.

Motivation:
People who are self-motivated and aggressive appeal to you, and you want your partners and friends to be strong, courageous people. However, you are also prone to power struggles with others because either of you may let the other one rule.
