Chart Highlights:

Ruler of 4th: Jupiter

Sabian Symbol:

A double promise is revealed by some event, suggestive of both immediate or literal and sentimental significance. RESPONSIBILITY

Jupiter at 25°Aries

The coming year witnesses a shoot-now-ask-questions-later approach to new developments all around, in which the tendency is to jump onto new bandwagons before you check to see if they have wheels. There's a feeling of racing ahead into the future, but to where, really? Catch the tide, but keep your eyes open, ask questions.

Jupiter in Aries

The next year marks a 12-year low point in personal financial resources, unless you were particularly careful to save what you lucked into six years ago. It is a time to draw on inner resources as a substitute, and in the outer world to be careful -- extend and rely on your credit rating with others.

Jupiter in 8th House

Ruler of 5th: Saturn

Time for housecleaning and trimming ship at home, both physically and emotionally. Throw out extraneous articles that tie you down and free yourself of personal ties that may have become too weighting or demanding. Learn the joys of privacy and self-communion that make your heart where your home is.

Saturn in 4th House

This period of a year or so marks a somewhat troubled time for society at large, during which political and economic struggles arise and engage in conflicts that don't actually seem to get anywhere but take up a lot of news time. Unless you're part of the news, chances are this doesn't hurt you directly, but it does sow a certain unease all around that makes people more uncertain than usual about committing to long-range agreements. When the wind is shifting, everyone waits until it's changed before settling down to business. With that in mind, you may find you can make more headway in smaller affairs and short-term commitments, personal or financial, pending further advisories.

Saturn Square Pluto (0°25')

This roughly yearlong influence happens every 36 years to everybody, but some cultures experience it more strongly than others, and so do you if you are among such a culture. Being a confluence of fairly inimical principles, it outwardly manifests itself as decay and collapse, along with fertile possibilities for a new order to eventually manifest, since it is also a triple Jupiter cycle. The collapse of the Soviet Union is a case in point. On a higher plane, it can be the time when spiritual aspirations touch ground or, conversely, hit the ground. It's not something to hang your hat on, but it can teach that the loftiest ideals must produce or perish, while from something rotten, the best crops grow.
