Mars at 07°Capricorn

With this new cycle taking hold in your life now, taking charge and being in control become more important issues for you. You want to get things organized, and you have the initiative to do it. This is a time of ambition and responsibility, a time to keep your cool and pace yourself. Working hard is smart, but working smart is better.

Mars in Capricorn

You're coming into a creative and competitive phase now, one in which you want to be admired and appreciated for what you do and who you are. A lover or child becomes a focal point in your life. Romance and such creative pursuits as hobbies are an outlet for much of your energy.

Mars in 5th House

Irresistible force meets immovable object. Proceed with caution! There is a lot of energy available for disciplined work, but push too hard and you may break something.

Mars Sextile Saturn (0°49')

A drive to probe and penetrate may find you examining and working through some strong internal changes. Push too hard and you could be too dominating and even oppressive to yourself and others.

Mars Conjunction Pluto (1°12')

Don't take chances or risks just now. Be satisfied with the ordinary and usual. Novel ideas or insights could be more damaging than useful. Hectic emotional energy.

Mars Square Uranus (2°10')
