Given on the following page are your scores in 25 different categories. The titles of the categories are self-explanatory. For example, if your score for category 1 is high, then you have excellent aptitude for any area that requires mental concentration, attention to technical details, logic, or research.

Note that your aptitude is also influenced by your upbringing, your habits and lifestyle. For example, training in mathematics, logic, scientific research, or other area that requires careful reasoning will improve the capability of anyone to analyze and solve problems in a logical way.

By developing and utilizing your strengths in your career and the activities that make up the greater part of your life, and also by improving your weak points to a point of being reasonable and functional, you can improve your chances of living a fulfilling, meaningful, and rewarding life.

- A score above 150 is very high.
- A score from 125 to 150 is above average.
