Astro*Carto*Graphy

A Locality Interpretation Prepared for Julia Roberts

INTRODUCTION

One thing is certain about you, no matter where you are -- you're one of the people who gets a lot out of life because you look beneath appearances and are willing to think for yourself, astrology being somewhat off the beaten track these days. So what is ASTRO*CARTO*GRAPHY*EXPLAINED? It's based on the common, instinctive idea that a person has different chances, luck, experiences or options in different localities -- that you aren't exactly the same person in New York that you are in Los Angeles. It works by looking at the planets' relationships to the places you've asked about at your birth moment. If a particular planet was especially powerful in the location noted when you were born, then the affairs that it symbolizes should predominate if you travel there, reside there or even have anything to do with that location from some other place.

Since 1976, when the now-standard ASTRO*CARTO*GRAPHY technique was introduced, wide acceptance by both the astrological community and the public has validated it. In addition, ASTRO*CARTO*GRAPHY has been able to benefit from the actual experiences of the thousands who have ordered its maps. The product of this experience is this new service.

WHY DO PEOPLE MOVE?

To understand how this information will be useful, perhaps we should question why people move around so much in the first place. In addition to the obvious reasons are psychological ones. Psychologists (Carl Jung especially) have suggested that people instinctively seek wholeness, or a completeness of their experience. If it's true that different locations accent different parts of your potentials, moving offers a way to speed evolution, to get acquainted with new parts of yourself. So if you find that a location you are obliged to reside at is one in which some of the more problematical influences predominate (such as Saturn, Neptune, etc.), you should look beneath the superficial and immediate desires and concerns of your life and try to understand what emerging consciousness has brought you here. Every location is good for something, and you would not be considering living in a difficult one for no reason. Also, don't get frightened if some of the interpretations sound extreme or perilous. Every planet has numerous possible manifestations, and, while we've tried to include them all here, rarely do the more extreme ones occur. The point in this report is to enable you to anticipate the nature of influences at your potential residence and so become able to recognize and utilize their most positive manifestations.

Different people are apt to react differently to the same astrological influence. You will feel more comfortable with what you already know, so certain planets will be easier for you to live under than others. For example, if you are a woman with traditional values, Mars and the Sun will possibly pose more problems for you than for a man, since the qualities and life experiences associated with these planets are not usually socially encouraged in women's upbringing. Similarly, men will find the Moon and Venus more challenging. People who tend

to follow external authorities and believe in society's order as unchallengeable may find themselves more at home under Jupiter and Saturn lines, and stressed by new experiences under Uranus, Neptune, and Pluto, while individualists and the more self-reliant will reverse these reactions.

You might find it useful to realize that, when faced with challenging astrological potentials, it is sometimes easy to "project" these onto your mate or partner, seeing the emerging parts of your own psyche as things THEY are doing. If your interpretations seem to fit your mate, realize that these things are happening because of possibilities in yourself that you aren't ready to face, and try to develop the positive sides of the astrological potentials described.

EVERY PLACE IS GOOD FOR SOMETHING

But the most important thing to realize is that every location is good for something; if you recognize and understand its potentials, you can use them constructively. You'll find that in some instances you don't even have to travel or live in the location -- that its influence affects you through people who come from there, or remote concerns, such as business, cultural or other life interests that symbolize those psychological potentials described by this report.

So here goes with the ASTRO*CARTO*GRAPHY*EXPLAINED analysis of the locations you're interested in. We hope it opens up for you opportunities to find what you're looking for in life; but we also hope it enables you to look beneath the surface, to see patterns in your own development and your instinctive growth toward wholeness.

Philadelphia, PA

To understand the importance of the following influence, you should be aware that it is weak in the location you have identified. You may have to read between the lines of the description below, and should filter its extremities through the knowledge that the more bizarre and unusual manifestations of the influence are not likely in your case. You will recognize a basic theme that underlies a lot of your activity, yet with a large factor of choice and chance; but you may be assured that the options are open to you when the underlying psychological climate is empowered by a conscious choice and will on your part. Alternatively, you may not even be consciously aware of this influence, though careful introspection should validate its presence, as might the observations of a person who knows you well and objectively.

Sun-Imum Coeli

IF YOU'RE JUST VISITING, LOOK FOR FAMOUS PEOPLE

If you are just planning a short stay in this zone, expect lots of fun and an increase in your appetites and opportunities to indulge yourself in games, amusements, and glamour. Anyone travelling with you may find you a little overbearing, and your budget goes out the window as self-image improves, demanding more expensive and exotic clothes, surroundings, and people. Since you and everyone else think of you as a little more important and powerful, you're either

treated like a celebrity or find yourself surrounded by them. For this reason this is an excellent zone for developing talents, particularly artistic ones. A great place for a vacation, but bring lots of money.

IF YOU PLAN TO LIVE HERE, EXPECT TO BE MORE IMPORTANT

This is your "celebrity" zone, where you express the influence of the astrological Sun. The universe seems an object to be acted on by your energy and will, and a masculine, egoic consciousness prevails. Functions of logic, inner motivation, and ordering are expanded. The drive toward self-actualization is powerful here; that is, life processes and will conspire to create an identity that is acutely aware of its own selfhood, an autonomous, outer-directed, and often extroverted "I am" that sees its own existence and function to be of prime importance in the universe. Your direction is molded mostly by inner processes, less so by environment and social pressure, so you seem more free from past and future, existing as a unique, self-aware factor in the here and now. You expect others to pay attention to you here, and they do -- followed about like an important personage, you are treated often to others' generosity and identify strongly with your creations (including children). This is the best locale to sell or exhibit creative works -- writers may easily find a publisher here, and even the obscure take on a self-important and "movie star" charisma. If there are other planets' influences coupled with the Sun, you could become an extremely powerful, famous, or infamous symbol of the affairs governed by those other planets to your entire milieu, so try to understand carefully what they mean. By itself, the Sun demands a glittering, domineering, and perhaps overbearing style in life. Pride, glamour, and an appetite for the roar of the crowd may underlie and conceal inner incompleteness and self-rejection that demands others' approval as compensation.

HEROES COME IN ALL SIZES

In the early stages of Sun awareness, you may exhibit the boasting, arrogant self-importance and ostentation of the vain narcissist, or you may attract to yourself (or follow) others with these traits. A solar zone focuses consciousness on a battle with basic feelings of inferiority, and if you have never yet seen yourself in a "heroic" role, then here you will go through a deep, inner, preparatory struggle first, one in which you will painfully reject a childish, dependent, immature identity. A later stage of awareness of this planet's power (usually after the age of thirty) focuses on the Quest, or inner, mythic journey. This journey is at best the genuine quest to perform a deed or understand a personal mystery, the accomplishment of which will define an unchangeable foundation of selfhood and power. Pride is the catalyst of this change, and some of the confrontations engendered by youthful overpridefulness and a tendency to adopt pompous, officious roles (in an attempt to mask a wounded immaturity) later form the foundation of mature inner dignity and capacity to control your moods and feelings. In earlier stages, you may feel that fixing the kitchen faucet is a feat for which you deserve a Presidential Commendation, but this imperial myopia soon encounters reactions that broaden it to a universal appreciation of your own and others' deepest, immutable power and dignity. In maturity, the solar consciousness exhibits a glowing, fatherly leadership, a creative, self-fulfilled guiding light and energizing influence to all whom you affect, who will be many. Speaking with authority, hope, and humor, you develop self-assurance, loyalty, intelligence, and even fame.

CAN ANYONE REALLY BE A STAR?

Obviously, this type of "star-consciousness" does not work well for everyone, and if you are a person who is normally shy, retiring, and likes the background, this area may present you with these potentials in the form of inner struggles around love and self-image or in the persons of other people, some of them domineering and egocentric. Aquarians, Pisces and Virgo types may have more problems here than other people, but anyone has the energy to grow and develop the charisma and leadership that lies within, often doing so in a public context of some sort. You may act more like your Sun sign here.

As a man, you will find this zone particularly congenial, as you are inclined to model your identity after your father, to take control, and to exhibit masculine authoritative power. You need to beware of being overbearing and egotistical, of treating women (and your own feminine side) as inferiors and displaying pomposity and arrogance; still, it is a positive zone for most men, who reach powerful positions and success here, especially in the fields mentioned above. The young may find romantic appetites extremely demanding, evidence of the need to come to terms with the feminine, as the intensity of such needs points out its suppression.

IF AUTHORITIES PICK ON YOU, TRY BECOMING ONE

On a more practical level, this zone is one in which men often become fathers and where success as a self-made hero, an artist, or producer comes. Love is given, though seemingly not needed, and you will make things happen here, manipulate the environment, succeed in any business that demands presence, a public image, and powerful dignity. Authority is a key concept here, and there are dangers of insensitivity and overwork, especially for those who have not yet wholly integrated their mature identities. If you find yourself fascinated by movie stars, royalty, or powerful leaders, this shows you have not yet accepted your own "Sun" potential; this zone may then hold some critical and bittersweet lessons in this department. Pay particular attention to your thoughts and concerns with parents and authority, and be aware that disappointments in love and leadership concerns point the way to a truer sense of your own selfhood. Music and art may be important themes here, especially if Libra is strong in your horoscope, while a priestly role in religion may dominate if Cancer, Sagittarius or Pisces is powerful. This is a good area for health; rehabilitation may occur and vitality be restored. Awards, titles, and degrees are bestowed, as everyone agrees that you are "somebody," and inner spiritual experiences advance a deep sense of selfhood. Gambling, games, and amusements take on new importance, maybe professionally.

"WHAT IF I CAN'T STAY HERE?"

Powerful ASTRO*CARTO*GRAPHY lines can affect you even if you don't travel or reside under them. This part of the world, under your Sun line, is associated with your quest for selfhood, and you may relate to mythological or cultural images from this locale in a highly personal manner; moreover, people or other concerns that you associate with this locale can have transformative importance for your self-image and concept of identity.

The particular position that occupied in this location at your birth will direct this type of energy and experience particularly into certain life areas; while the most important thing to understand is the underlying meaning and psychological principle, these are apt to manifest more obviously in specific life areas than in others.

PRIDE IN YOUR ORIGINS

In this location, the general effects and concerns of the Sun specifically act themselves out on an inward level, allowing you to accept yourself and your power in the world -- gradually at first, and perhaps invisibly, there is a deep, inward renovation of soul and purpose going on. At the very base of self-definition is an inner image of who you are that came from parents and other influences in your early environment. It is your inner context, the matrix within which you see yourself operating, and is made up of traditions, family, ethnic identity, and regional loyalties. This inner sense of who you are is restructured, rehabilitated, given new authority and power, and ultimately transcended altogether, in the same way that a child grows beyond his family into a mature self-defined individual. You build on your heritage, or rediscover it; genealogy, pride in family, and research into your personal past are allegories for a deep seeking to understand yourself on inwardmost levels.

This zone is good for seeking retirement or founding a family; you become a good host, run your household well, and accede to something of the role of paterfamilias (regardless of your actual gender). A profound sense of personal responsibility to family, immediate circle, or tradition evolves, and a protective fondness for the roots from which you came strengthens your own identity. Family strife tends to disappear here (as long as everyone acknowledges that you have a talent for leadership), and your creativity brings security for yourself and those you love. Property is acquired here (be careful of pretentious overextension) that increases in value (or at least prestige). This is also a good location for self-rehabilitation in health or psyche, a prime area for the ailing to energize their battle for wholeness. Vitality is enhanced at deepest levels, leading eventually to a role of pillar of the community or creative artist. This is a superb location to build your dream home, actually or figuratively, as the construction would have inner as well as outer manifestations.

This location lies a little to the west of the exact planetary influence; therefore, of the possibilities listed above, those which suggest the direct influence on you by your family, cultural, or ethnic background are the ones most likely to manifest. The planet tends to act outside of you, and polarizes your self-image in opposition to its more negative potentials, requiring by either positive example or direct coercion your development of the described qualities. Who you are, meaning in this case who your family, past, and "roots" have been, becomes a potent force in the creation of who you are growing to be, a force whose nature will conform closely to the description above. Living here will change these most inward of concepts of self, often by direct confrontation with your origins and past.

These, then, are the important astrological influences which affect this location, now and in the future. Needless to say, they all won't manifest the moment you arrive, but will indeed emerge as the most powerful psychological potentials over time.

EPILOGUE

This concludes our enumeration and description of the planetary influences, permanent and temporary, that affect the locations that you submitted. As you have observed, some of the information is psychological in nature, as it is the belief of ASTRO*CARTO*GRAPHY that planets act, not through any mystical "power" or magic, but by paralleling potentials in the human psyche, and in orderly and comprehensible fashion, marking the development of this maturity. It is hoped that you are able in this way to see that there are really no "good" or "bad" locations for you -- that in the process of growing into mature completeness, you will have to experience every psychological possibility. At best, this report will work to inform you what these are for you in the locations you are considering, letting you know what to expect, and so empowering you to be able to utilize the most positive possibilities.
