Life Progressions

We are born into an existing progression of change, through which we evolve and grow during our lifetime. Being conscious of our position in this succession of change helps us more clearly define and understand ourselves. An awareness of our current life situation relative to a larger, evolving chain of events helps us negotiate the challenges that confront us in our daily lives.

This Life Progression report (based on the technique of Secondary progressions) describes experiences and understandings relative to particular aspects, thus depicting the effect of these planetary aspects on an individual. The report covers a period of at least one year. The time period covered by the text varies according to the nature of the astrological event associated with each paragraph. A paragraph referring to a progressed Moon will cover a much shorter period than one referring to the zodiacal sign on a progressed house cusp.

This report is intended to enhance the natal chart, not to replace it. The two go hand-in-hand. The progressed chart brings to fruition the promises of the natal chart.

Report for Julia Rpberts

Your Life Progressions for Apr 1, 2024

Virgo on the First Cusp

Diet, health foods, or vitamins enter into your vocabulary and take on new meanings. You may feel an urgency to change your eating habits because you feel uncomfortable in your snug-fitting clothes. Your immediate environment is also given close scrutiny, as you busy yourself with painting, fixing, and enhancing your home. It is possible that some of your work-related duties may undergo a change. You may be confronted with large amounts of detailed paperwork with your present company or perhaps through new employment. It appears, at this point in life, that you have the capacity to handle methodical tasks. This will prove to be an asset later, when details are required in assisting someone with work or health benefits. Co-workers may play an active role in your life. The affairs of an aunt or uncle may entwine with yours or you may assume the responsibility of a domestic pet. Minimize stress conditions, when possible, to avoid intestinal upsets. The condition of your progressed ascendant ruler, Mercury, can provide additional insight into new circumstances and motivational influences touching your life at this time.

Moon in Virgo

There are strong factors that could affect your employment picture. You may decide to completely change your vocational interests -- or merely your present duties. Your heightened critical faculties may or may not offend others, who are likely to view you as being somewhat faultfinding. This is a good time for medical check-ups, the improvement of dietary programs, and taking vitamins, if needed. The affairs of aunts, uncles, co-workers, and the concerns of domestic pets will be activated at this time. Constant striving for perfection or attempting to do too many things can take its toll on the nervous system and react on the intestines. Note the house position of your progressed Moon to determine whom or what is apt to create this nervous tension.

Moon in the First House

A restless spirit prevails, urging you to make changes on a personal level -- perhaps a new hair style, change of fashion, removal of facial blemishes and moles, or just moving to a new location either at your place of business or at your home base. If relocation is not possible, there may be concentration on altering or enlarging your present living quarters. Your moods may vary from one extreme to another, creating emotional upheavals. You may have to personally deal with the general public (specifically women). Note the sign position of your progressed Moon to determine the motivational influence upon personal affairs.

Moon Conjunction Venus (Prg-Nat) Jan 31, 2024

This should be a pleasurable three-month period in which everything goes well. You may be feeling rather content, peaceful, and happy. Social affairs are activated with baby showers,

weddings, the theater, or just dining out with close friends. Your emotions and feelings are aroused and eager for new and lasting attachments. Opportunities are favored for meeting someone special, getting engaged, married, or receiving gifts and invitations. This type of energy is especially helpful for those in the mood for interior decorating, entertaining, having their hair styled, or purchasing new clothes. A fairly good period for finances, investments, and purchases in general.

Moon Sextile Venus (Prg-Prg) Feb 18, 2024

Unless other conditions are prevailing in your life, this should be a happy, relaxed, and successful period -- one in which you should take advantage of all opportunities for social advancements. Do what you can to make yourself available for new contacts that can lead to successful linking of associations. Emotions and feelings are stirred, adding new zest to the marriage state or drawing attention from the opposite sex, if single. A general improvement of financial success, receiving of social invitations, flowers, or gifts is indicated.

Moon Semisquare Sun (Prg-Nat) Feb 26, 2024

Approximately three and one-half years ago, you may have undertaken a new start or direction in life. Some minor setback (an emotional crisis or other source of irritation) may have you wondering if you made the right decision. The emotions and your sense of pride may be hurt during this three-month trend, from rejection or what you may feel is undue criticism from others. This is a time to hold back and develop a "wait and see" attitude rather than push ahead against temporary prevailing obstacles.

Moon Conjunction Pluto (Prg-Nat) May 14, 2024

An emotional upheaval may occur which produces a major change of direction or experiences. In spite of this emotional intensity, you should have the ability to cope with any situation that confronts you during this trend. Changes, reversals, or removals (involving vocational interests, unusual circumstances, or close relationships) will open the door to a new experience, while at the same time closing the door that led to an old one. There could be separation from an older relative or from someone with whom you have had a close emotional bond.

Moon Sextile Neptune (Prg-Nat) Jun 20, 2024

You may have accurate psychic impressions during this trend, which can pay off if you listen to them. Strange and prophetic dreams may try to relate a message while you are sleeping

or meditating. It may be possible to develop the art of visualization -- seeing in your mind's eye what you hope to achieve in life, and then feeding the subconscious mind the picture as though you already achieved it. Unforeseen rewards may come your way, for favors you have generously given in the past.

Moon Conjunction Uranus (Prg-Nat) Oct 1, 2024

Expect the unexpected; unusual circumstances and surprising experiences to occur in the months ahead. All kinds of advantages and disadvantages may produce sudden and unforeseen changes in personal and domestic affairs. Magnetic conditions may form sudden and sometimes unconventional attachments -- not the conventional relationship that one would normally expect. These sudden changes may introduce an entirely new condition or event that will have a noticeable influence upon your life. Your general disposition may be somewhat irritable or belligerent. Caution is advised against hasty or rash behavior.

Moon Sextile Ascendant (Prg-Nat) Oct 19, 2024

Emotional stability and good judgment can open the door to new opportunities for advancement. Seek positive changes in all directions of life, whether vocational, domestic, or personal. You exude great rapport at this time. Social contacts with women, and the general public, can produce beneficial results. Family matters should be on even keel, with a general feeling of contentment.

Moon Semisquare Mercury (Prg-Nat) Nov 14, 2024

Your mind is not as alert as it should be, nor are you thinking in logical terms. Give careful consideration to what you say or put in writing. Faulty judgment can place you under heavy burdens or obligations, so it is best to sign nothing of importance during these three months. Avoid possible disputes or misunderstandings with relatives. It may be unwise to travel or consider the purchase of a car. In general terms, you should ignore idle gossip, confide in no one, and be your own counsel.

Moon Square Mercury (Prg-Prg) Nov 18, 2024

You will have to be careful when dealing with correspondences, documents, purchase agreements, contracts, or important phone calls. There may be some misleading statements or lack of clarity in verbal details that can easily be misunderstood. It would be wise to double check such matters during this trend. Negotiations, appointments, or business meetings are likely to undergo an upsetting change of plans. Too many projects can be demanding of your time and force a delay in promised deliveries. Should travel be necessary, use precaution by

having the car checked in advance by a reliable mechanic. Disputes or matters of concern will surround the affairs of brothers, sisters, or other close ties. In general, these three months are not favorable for travel, purchase of a car, new ventures, or business.

Moon Conjunction Uranus (Prg-Prg) Nov 22, 2024

Expect the unexpected; unusual circumstances and surprising experiences to occur in the months ahead. All kinds of advantages and disadvantages may produce sudden and unforeseen changes in personal and domestic affairs. Magnetic conditions may form sudden and sometimes unconventional attachments -- not the conventional relationship that one would normally expect. These sudden changes may introduce an entirely new condition or event that will have a noticeable influence upon your life. Your general disposition may be somewhat irritable or belligerent. Caution is advised against hasty or rash behavior.

Moon Square Sun (Prg-Prg) Feb 3, 2025

This is a good time to get a medical check-up as a preventive measure. Guard yourself against any potential health risks, and encourage your immediate family and close ties to do the same. You may be somewhat sluggish, with lack of energy which tends to decrease your physical constitution and stamina. Consider a vacation during this period, for a well-deserved rest and a bit of relaxation. Get away from business or vocational duties that are less likely to be productive and beneficial. This is not a good time to begin new projects or undertake risky ventures. Tread carefully when dealing with close relationships. Aggravation with your job or lack of business acumen can easily spill over onto close ties, resulting in arguments and possible separation if pushed in the wrong direction. These three months can be a trying time, with low vitality and disappointments.

Moon Sesquiquadrate Mars (Prg-Prg) Feb 20, 2025

Impulsive decisions or hasty actions can lead to possible accidents or quarrels with loved ones. Abrupt statements made at this time are likely to be cause for regret later. Don't push for important changes or take unnecessary risks. Work out this excessive energy through repairing, painting, or completion of difficult tasks. Be aware that certain risks are involved. Use caution in new undertakings or ventures.

Moon Square Mars (Prg-Nat) Mar 23, 2025

An extraordinary amount of energy can be unleashed, either in the negative or positive sense. It all depends upon your own attitude, and whether or not you can direct this physical and mental energy through constructive channels. This excessive force must be controlled if you are to avoid impulsive and hasty actions that you will later regret. Realize that this is an accident-prone tendency, so use care in driving and handling of sharp instruments. Be tolerant with close ties. Abrupt speech can cause hurt feelings and lead to unnecessary quarrels. Get a check-up where fevers, inflammations, or infections persist.

Moon Semisquare Venus (Prg-Prg) Apr 29, 2025

A few obstacles may lie in the path of romance and close ties. You may feel neglected and disappointed in the amount of emotional response you are receiving. Or you may experience

difficulty in expressing your own affectional feelings toward another. These three months are not the best times for promoting new attachments, friendships, or acquaintances. Lack of emotional control may interfere with close relationships. You should also guard against overextending of personal finances, making unwise purchases, abusing the credit card, or lending money to unreliable individuals.

Moon Opposition Saturn (Prg-Prg) May 17, 2025

This is not the time to rely on others. You will have to shoulder your own burdens and responsibilities during this trend. The influences of the next three months are apt to hinder and restrict financial and business affairs. Social contacts may be avoided due to some form of inhibition or personal emotional rejection. Be careful what you say if confronted by an opposing force. Your words and actions can have a long-lasting effect upon future goals and objectives.

Be careful what you say if confronted by an opposing force. Your words and actions can have a long-lasting effect upon future goals and objectives.

Moon Semisquare Neptune (Prg-Nat) Jul 21, 2025

You may be quite vulnerable and gullible during this trend. You may be an easy prey for those who wish to take advantage of you. Be on guard against possible deception and fraud when forming new friendships and close attachments. Avoid situations with the opposite sex that hint of secrecy or hidden intrigue. Don't fall for easy, money-making, get-rich-quick schemes.

Moon Semisquare Moon (Prg-Nat) Aug 28, 2025

Take time out for frequent rest periods or brief naps as your vitality and energy level are rather low. The next three months are not the best time to seek favors from women in general. Emotional instability may cause one to over-react to minor, yet critical statements made by others. Family members may not be as cooperative as you would like. It is an emotionally trying time, in which you should seek quiet periods of isolation, and avoid public contacts for a while.

Moon Semisquare Neptune (Prg-Prg) Sep 14, 2025

Be on guard against possible deception and fraud when forming new friendships and close attachments. Avoid situations with the opposite sex that hint of secrecy or hidden intrigue. Don't fall for easy, money-making, get-rich-quick schemes.

Moon Trine Midheaven (Prg-Prg) Dec 18, 2025

This is a three-month period in which one should take advantage of all opportunities for advancement and positive career changes. You have great rapport with bosses, those in authority, and the general public. This is a good time to contact those who can help you rise to a higher social status. You may receive an award or recognition for a personal achievement, possibly get your name or photo in the local newspaper, or appear on television or radio.

Uranus in the First House

Expect the unexpected, for herein starts an eventful life. It will be difficult to maintain a steady routine existence as many changes and happenings are likely to occur from time to time. You are becoming independent in thought, action, and deed, and will form your own opinions regardless of what others may think of them. There is a natural curiosity connected with the unusual, the bizarre, and the unconventional. Circumstances will introduce new and interesting friends into your social circle. In many cases, some will leave just as quickly as they entered. You may want to start or join a professional or fraternal organization. The field of technology, aeronautics, computers, television, radio, CBs, or astrology will touch upon your life during this time.

Pluto in the First House

There is a noticeable change in your personality. You are projecting an air of reserve, solitude, and secrecy. A feeling of personal loneliness may engulf you from time to time. You are becoming obstinate in your views, and developing the principle of a law unto oneself. You may quietly listen to the advice of others, but whether you heed it or not is questionable. There is innate will power to banish undesirable personality traits, correct unpleasant habits, and bring disturbing conditions to a halt. Periodic changes of personal affairs are likely to occur. They open doors to new avenues of experience, while at the same time closing doors to past situations. Should you return to any of these past conditions, the circumstances will not be the same, meriting a different set of rules. Matters connected with alimony, inheritance, consolidation of bills, bankruptcy, taxes, and other forms of joint financial resources will require personal attention.

Ascendant Sextile Mercury (Prg-Nat) Jan 29, 2024

There is excellent blending of the intellect with communicative ability. You can cultivate the exchange of ideas and views without fear of being misunderstood. There is an inclination to expand your mind through new studies. Letters, documents, books, short travels, and all forms of communications will play an active role in your life during this trend. This is an excellent time to establish harmony and cement relationships with brothers, sisters, and other close family members.

Libra on the Second Cusp

Money gravitates more through the resources of others than through your personal action. The social and public side of life will also react upon personal finances. If used constructively, it is possible to make valuable contacts that will aid in increasing your income. Your productivity is greater when you are working in collaboration with others, rather than alone.

Relying on another can assist in financial increase; however, a poor choice of business or marriage partner can bring reversals, resulting in heavy losses and worry. Beautiful surroundings and a comfortable existence will have greater appeal at this time.

Scorpio on the Third Cusp

Where circumstances warrant it, you will always come through with your persuasive charm and refinement of speech. But, something has happened or will soon occur that will alter your communicative style. A close encounter or experience with death, a sexual rejection, or a frustrating emotional impact may reveal a somewhat cynical attitude. You have the capacity to accomplish a great deal through sheer persistence and will-power. You have a fertile imagination and can be fond of secrets, the mysterious, and the occult. Letter writing, phone calls, and short trips may be required in connection with social security benefits, insurance settlements, alimony, income tax, and inheritance. During this trend, a secret matter is likely to surround the affairs of a brother or sister.

Venus in Scorpio

Venus is associated with love, affection, and sociability. This position of Venus adds a magnetic quality to the personality. It increases the passions and heightens the emotions. There may be a subtle influence to try to maintain control over the affairs of another. At times you may be drawn to women and friends of unusual occupations or interests -- some of them may be connected with astrology or psychism. Matters concerned with joint finances, your partner's income, social security, disability benefits, insurance settlements, alimony, or inheritance will be of beneficial gain or loss. Unsettling conditions or major changes surround the affairs of your business or marriage partner or other close associate.

Venus in the Third House

Diplomatic or public relations work could be your forte at this time. You are gracious and well mannered, and communicate well through the written or spoken word. You do not sit in judgment of others or reach major decisions until you have thoroughly evaluated both sides of the issues at hand. You are drawn toward the intellectual and cultural pursuits. There may be some creative ability in the field of art, literature, poetry, or music. Short travels can be both pleasurable and profitable -- more so if accompanied by a companion, for you dislike traveling alone. Mutual benefits can be derived from brothers or sisters, either directly or indirectly.

Venus Semisquare Mars (Prg-Nat) Feb 15, 2024

You may experience some excess of feelings and emotions, which should be kept under control. This is not the time to act indiscreetly, on impulse, and without proper forethought. Yielding to temptation can get you into situations you are likely to regret. Apply this excessive emotional energy to creative projects such as interior decorating or painting. Just don't go overboard financially; extravagant tendencies can also be a problem.

Venus Sesquiquadrate Saturn (Prg-Prg) Dec 4, 2025

You are entering a restrictive period in regard to social affairs and companionships. You appear to be lost, lonely, unloved, and inhibited. Even when you are out with a select group of

friends, you seem isolated or detached, with an inner sense of personal loneliness. Love relationships are disappointing, and you may find it difficult to meet anyone new. This is not the time for expansion in business, signing contracts, or financial investments. You'll find that older people or those in authority are not responsive to your needs.

Neptune in the Third House

Intuition and a capacity for visualization may be highly developed. There is the uncanny knack for reading other people's minds or voicing the thoughts they were about to convey at that time. The unusual in studies and subjects intrigues you. You have an imaginative mind that can be quite successful in the writing of articles or books. To succeed in this area, there is a need for self-discipline and concentration to avoid the tendency for mental drifting and daydreaming. Messages have a way of getting confused or mixed-up. Make it a point to double-check before venturing to a planned meeting place. Always review business agreements, and read the small print to avoid misunderstandings. Keep a map handy in the glove compartment in case of detours and necessary re-routing, to avoid the possibility of getting lost. Others will feel your sensitivity and begin confiding in you. Don't pass on any of the proffered information. Gossip or rumors invariably will come back to you and cause embarrassment. Brothers, sisters, and other close relations may be a source for concern, with health problems that are difficult to diagnose or require medication to control. Be ready to assist those that appear confused, or those that place too much reliance on drugs or alcoholic beverages.

Sagittarius on the Fourth Cusp

In all likelihood, one or both of the parents may do a lot of traveling, move to a distant city, become an instructor, or write published material. Or, you may do loads of writing, studying, or storage of published material in your home. If married, you will probably have activities centered around your marriage partner's side of the family, rather than your own. Should incidents arise in connection with legal action and your property, don't sign any important documents without the advice of a competent attorney.

Sun in Capricorn

Your character is changing from the free-spirited Sagittarius sign to the persevering, practical, cautious, and secretive traits of the progressed Sun in Capricorn. You swing like a pendulum from positive to negative, sometimes yielding to various states of depression. There is a greater scope of opportunities to advance in professional or public affairs. Politics or government may influence your vocational duties. There may be a readiness to assume additional responsibilities or a supervisory position. This is a "hurry up and wait" sign, so don't expect immediate results or progress. This retarding influence holds greater promise and long-range benefits for those who persevere. A parent, a mature individual, or an authority figure will have a pronounced influence upon your career.

Sun in the Fourth House

Family and domestic interests are intensified. You long for a beautiful home that truly reflects your status in life, one that you can display with pride and dignity to family and friends. Your doors are always open to children who may come and go freely and feel comfortable in

your surroundings. A child or a family member will have a job or other connection with real estate or the building trade. A strong emotional bond will develop with a parent or through an emotionally sensitive male relationship. Your inner sense of security is tied to events that occurred during your formative years. It appears that owning a home continues to provide the protective influence of your younger days. It can be a place to retreat from the trials and tribulations of the outside world.

Sun Trine Jupiter (Prg-Nat) Jul 16, 2024

This influence has far-reaching potential that can help you obtain your desires and ambitions. A prosperous and successful period in which all things go exceedingly well. This is a good time to consider furthering your education delving deeper into religious affairs. Printing, publications, communications, and travel matters should prove rewarding at this time. Social contacts can be beneficial in helping you to attain your ambitions. Women are likely to form lasting and permanent relationships that may lead to marriage.

Mercury in Sagittarius

Your unbending and obstinate mentality is lessening in intensity as your Mercury progresses into the free-spirited sign of Sagittarius. You will have to be very careful now and in the future, to avoid being misunderstood. It's not so much what you say, but how you phrase the words. In the process of relaxing your mental inner tension, you may become more forthright in your speech and too direct in your approach, without pausing to consider the effect it may have on other people. This placement of Mercury is likely to promote long-distance contacts through letters, phone calls, and travels. On occasion you may be called upon to play the role of instructor -- some will do so in schools, while others will be teaching new techniques in their vocational field. Brothers, sisters, or you yourself, may temporarily move to a distant city. It is possible, in some instances, that legal issues may arise with neighbors or the affairs of siblings.

Mercury in the Fourth House

There is a new shift of activity developing within the home base. Equipment connected with printing, books, or the communicative industry (computers, compact copiers, videos, cassettes, or other sound-producing mechanical devices) may dominate one of the rooms in your home. More than one telephone outlet will be necessary to handle the many phone calls. You may even have to resort to an answering machine.
