The positions of the planets and house cusps at the time of your birth are given below. The interpretation of this astrological data is divided into ten chapters as follows: I. Your General Nature, II. Inner Responsiveness, III. Mentality, IV. Inner Needs - Desires - Sexuality, V. Energy - Drive - Activity, VI. Expansiveness - Growth - Success, VII. Seriousness - Concentration - Limitations, VIII. Originality - Spontaneity - Independence, IX. Imagination - Ideals - Spirituality, X. Compulsiveness - Fate - Mission.

### General Guidelines

Some of the interpretations given in the 'chapter highlights' section may appear in two chapters because these particular interpretations are appropriate for both chapters. It does not denote greater strength of this interpretation. If you find the same theme showing up repeatedly in the interpretations, then this factor is particularly strong. Interpretations given in the 'Chapter Highlights' section of each chapter are ordered with the strongest influences first. If two interpretations sound contradictory, then this simply means that you express opposite qualities at different times and in different situations.

Remember also that astrology is not fatalistic; astrology is a key to understanding the cosmic energies that influence your decisions, and it provides a map of the best path to follow.

## Chapter I. Your General Nature

### Approach, Attitude

Your strong sense of identification and empathy with others can make you feel closer to them than they feel toward you, so allow their own defenses to have some space. Your extreme willingness to help makes you a fine partner but an easy mark, so careful!

*Ascendant in Pisces*

### Key Quality

You are sensitive, sympathetic, and easily take on the needs and hurts of others, sometimes to the exclusion of your own. You are able to adapt well to emotional situations as long as you do not let them overwhelm you or put yourself under another's control

*Sun in Pisces*

### Key Activity

You have a very direct approach toward others and can engage them easily, making you a good sales person or front for an organization. Nevertheless, you are very much your own person and will not likely promote something in which you disbelieve.

*Sun in First House*

### Chapter Highlights

Your personality may not seem to directly suggest the reputation you would like to achieve, so you may have to call on others to do the public relations necessary to get it where you want it. In any case, you should avoid being your own P.R. person.

*Sun Square Midheaven Orb: 01°14'*

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

*Moon Sextile Sun Orb: 01°39'*

A good sense of originality in developing a relationship will tend to keep things interesting for both you and a partner without pushing things too far or going over the deep end. When things get boring, you can count on a flash of inspiration.

*Sun Trine Uranus Orb: 04°10'*

Quick confidence and a certain personal immediacy are the first qualities to be noticed by others, which can put you at the center of attention when you so desire. Just

take care to give each person you deal with full space for mutual communication.

*Sun Conjunct Ascendant Orb: 06°03'*

You have a good solid feeling of the overall permissible pace of a relationship, how far and how fast to go so as not to hit stumbling blocks from haste. The long-term affair is your best and will bring you and your partner the greatest rewards also.

*Sun Trine Saturn Orb: 06°56'*

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

*Sun Trine Jupiter Orb: 07°57'*

## Chapter II. Inner Responsiveness

### Key Quality

You react to others cautiously but firmly so you seldom give yourself the chance to make the same mistake twice. Loyalty has high priority but consistency has the highest, making you a firm friend (or adversary) to be counted on at every turn.

*Moon in Capricorn*

### Key Activity

You have a flair for making friends in the right places, as your response to situations always shows class (in the truest sense of the word). Don't let this get you in over your head in situations where you would rather back off & quietly be yourself.

*Moon in Eleventh House*

### Chapter Highlights

Dissembling responses to others appear to be self-protective, but sow confusion and distrust in the long run, so take extra care to say what you mean, mean what you say. Better to say nothing than to give an easy, but misleading, reply.

*Moon Square Neptune Orb: 01°26'*

You have a good innate sense of judgment and timing in how and with whom you express your feelings. By being in touch with yourself you can also help stabilize others and be a welcome shoulder to lean on, an advisor by example as well as word.

*Moon Sextile Sun Orb: 01°39'*

Sudden changes of heart may come quite naturally and logically to you but can leave others' feelings in disarray, so strive for at least the appearance of consistency in your reactions, even to the point of stretching the truth with a white lie at times

*Moon Opposite Uranus Orb: 02°32'*

Your emotional reactions are well in tune with your physical response, making your body language accurately reflect what you are saying and feeling. This adds a social ease and grace that others may lack, so give them the benefit of the doubt.

*Moon Sextile Ascendant Orb: 04°24'*

You stand rock steady behind your emotional response to another and are not likely to change the way you feel once your feelings have crystallized. This makes you a superior friend in the long haul, who can be depended upon in a crisis down the road.

*Moon Sextile Saturn Orb: 05°18'*

You either barely stick your toe in the pool or just dive right in with a splash, neither

of which may be much in sync with what others around you are doing. You may have to either prime or bank your enthusiasm, to stay in contact with a partner.

*Moon Opposite Jupiter Orb: 06°19'*

## Chapter III. Mentality

### Key Quality

You have an intuitive sense of what is going on in a relationship, but don't be too vocal about it, as the other party may not know or even be ready for what you have to say. Gently lead forth and develop the directions you see so that both share.

*Mercury in Pisces*

### Key Activity

Your ideas will serve you best if they are not too widely spread into the open but are the advice of the power behind the throne. Plot well, but let others execute your plots, lest you get executed yourself. A good ghost writer, with all its freedom.

*Mercury in Twelfth House*

### Chapter Highlights

You have a far-ranging imagination, but one that does not leave reality behind, so you can be a wealth of practical fantasy for your partner. Spiritual feelings can be well-expressed as well as felt within, making them doubly rewarding and sharable.

*Mercury Trine Neptune Orb: 04°06'*

The urge to express yourself strongly may be hard to overcome at times, but put a cork on it in the absence of a close, understanding partner. What you just know to be right could be dead wrong, so don't expose your flank to your enemies or rivals.

*Mercury Opposite Pluto Orb: 06°55'*

## Chapter IV. Inner Needs - Desires - Sexuality

### Key Quality

Your desires are diverse, but not flighty, and you're ready for a second helping of anything, as long as it's not the only thing being served. You know your desires well, but for this reason may find it difficult to get completely enthralled in any one.

*Venus in Aquarius*

### Key Activity

It is important to carefully focus and define your desires, lest thoughtless implementation of them get you into trouble or leave you unsatisfied. Longer, rather than shorter, relationships will give you more chance to do this and are hence preferable.

*Venus in Twelfth House*

### Chapter Highlights

Sexual desire and opportunity tend not to come at the same time and you are best off developing a single relationship than pursuing fantasies abroad which are unlikely to come true. Getting to know you and your partner's needs in depth is a must.

*Venus Square Mars Orb: 02°16'*

A tendency to cut off your pleasures before you have enjoyed them to the fullest may leave you unsatisfied and a partner who will insist you go an extra mile will do you good. There is every profit in relaxing and letting yourself go, so go to it.

*Venus Square Saturn Orb: 04°10'*

## Chapter V Energy - Drive - Activity

### Key Quality

You are a steady lover with plenty of follow-through, not easily worn out as some are. You may wear your partner out for this same reason, so be ready to back off when enough is enough. In general your style of approach is patient and winning withal.

*Mars in Taurus*

### Key Activity

You like to see your efforts in a relationship pay off tangibly. You shoot with sincerity and rather expect to be dealt with the same, according to the rules of honor. Sometimes all's not so fair in love and war, so be straight but take care.

*Mars in Second House*

### Chapter Highlights

Sexual desire and opportunity tend not to come at the same time and you are best off developing a single relationship than pursuing fantasies abroad which are unlikely to come true. Getting to know you and your partner's needs in depth is a must.

*Venus Square Mars Orb: 02°16'*

Stop and go energies where you are rolling along and then suddenly run out of gas can torpedo you unless you design your involvements with available stopping places for a breather. A brief pause indeed refreshes if you allow the space for it.

*Mars Opposite Saturn Orb: 06°27'*

## Chapter VI. Expansiveness - Growth - Success

### Key Quality

Your ideal relationship structure is a warm and cozy love affair by a perpetual home fire, wherever you may be. You build a loving nest around yourselves emotionally which others find charming, if dated. That's ok, with God and Darwin on your side!

*Jupiter in Cancer*

### Key Activity

You are at your most creative when at play, love, and general amusement, which makes you pleasant company, though some may criticize you for not taking things seriously enough. Actually, what you take seriously is joy, and don't hesitate to say it.

*Jupiter in Fifth House*

### Chapter Highlights

You have an innately correct judgment of how society at large will respond to your actions, which is a useful talent in most financial or public endeavors. This will allow you to function well in the outer world, whatever is going on within you.

*Jupiter Trine Saturn Orb: 01°01'*

A good sense of when and how much to assert yourself in personal interaction allows you to get in a maximum contribution without wearing out your welcome. You can dominate the play while being in what appears to be only a supporting role.

*Jupiter Trine Ascendant Orb: 01°54'*

You have a very original streak that allows you to see the true value and merit of massively innovative moves that may be more than others can swallow at first approach. Be ready to be flexible but be insistent upon what you know to be the right steps

*Jupiter Conjunct Uranus Orb: 03°47'*

You either barely stick your toe in the pool or just dive right in with a splash, neither of which may be much in sync with what others around you are doing. You may have to either prime or bank your enthusiasm, to stay in contact with a partner.

*Moon Opposite Jupiter Orb: 06°19'*

It can be very easy to get lost when trying to make a major new stride unless you take special effort to plot your course before you depart on your journey. Clear skies at the start do not imply clear weather to come, so don't proceed unaware; ask.

*Jupiter Square Neptune Orb: 07°45'*

You have a nice easy, broad sense of personal pacing that allows you to cover a lot of

ground without appearing to, with large, relaxed sweeps. You will be able to gently open up more introverted types and broaden their world, open their hearts.

*Sun Trine Jupiter Orb: 07°57'*

## Chapter VII. Seriousness - Concentration - Limitations

### Key Quality

Your innermost security is based on solitude and communion with yourself, which is best not shared with a partner. However close a relationship becomes, you will need that still inner sanctum for your own strength and for lending strength to others.

*Saturn in Scorpio*

### Key Activity

You have a deep concern for that which is old and venerable, not in an outward fashion but in a need to preserve the ancient ways of doing and thinking in mankind. This may draw you to researchers or occultists who seek the same goal that you want.

*Saturn in Eighth House*

### Chapter Highlights

A certain deliberateness of gait tends to add firmness & credibility to your appearance, implying reliability and a shoulder someone could lean on. This may be simply exterior but it bears physical attraction to some and should be cashed in on.

*Saturn Trine Ascendant Orb: 00°54'*

You have an innately correct judgment of how society at large will respond to your actions, which is a useful talent in most financial or public endeavors. This will allow you to function well in the outer world, whatever is going on within you.

*Jupiter Trine Saturn Orb: 01°01'*

You have a good sense of how to develop your insights and bring them to earth where they will do your self and others some good. This may make you slow to reveal them until they are ready for use, so your friends may have to wait until you are ready.

*Saturn Trine Uranus Orb: 02°46'*

Inner restrictions and controls can make it hard to accept and live with the impositions of others without returning the favor in kind manyfold. Power plays are easy to get into, hard to get out of, so do your best to avoid needless ensnarements.

*Saturn Square Pluto Orb: 03°55'*

A tendency to cut off your pleasures before you have enjoyed them to the fullest may leave you unsatisfied and a partner who will insist you go an extra mile will do you good. There is every profit in relaxing and letting yourself go, so go to it.

*Venus Square Saturn Orb: 04°10'*

*Mars Opposite Saturn Orb: 06°27'*

You have a good solid feeling of the overall permissible pace of a relationship, how far and how fast to go so as not to hit stumbling blocks from haste. The long-term affair is your best and will bring you and your partner the greatest rewards also.

*Sun Trine Saturn Orb: 06°56'*

## Chapter VIII. Originality - Spontaneity - Independence

### Key Quality

You have a tendency to hide your deepest opinions of others until you have become very close to them. This hesitance of self disclosure may prevent you from getting close to begin with, so you can probably be more free with your insights about others.

*Uranus in Cancer*

### Key Activity

You take pleasure and recreation from past-times, pursuits that provide a maximum of immediate surprise and challenge. You share these best with others who can plunge headlong into the fun with a minimum of trammels which might impede your spontaneity.

*Uranus in Fifth House*

### Chapter Highlights

Your natural body language can be extremely helpful in communicating the essence of what you have to say. If you can't always say exactly what you are trying to get across, then simply show it with a gesture, a smile, or a revelatory glance that tells.

*Uranus Trine Ascendant Orb: 01°53'*

Sudden changes of heart may come quite naturally and logically to you but can leave others' feelings in disarray, so strive for at least the appearance of consistency in your reactions, even to the point of stretching the truth with a white lie at times

*Moon Opposite Uranus Orb: 02°32'*

You have a good sense of how to develop your insights and bring them to earth where they will do your self and others some good. This may make you slow to reveal them until they are ready for use, so your friends may have to wait until you are ready.

*Saturn Trine Uranus Orb: 02°46'*

You have a very original streak that allows you to see the true value and merit of massively innovative moves that may be more than others can swallow at first approach. Be ready to be flexible but be insistent upon what you know to be the right steps

*Jupiter Conjunct Uranus Orb: 03°47'*

Where you believe life is leading you and where you actually wind up may be rather different, but do not reject who and what you are because it isn't what you expected (an easy mistake). Take what's there as a bottom line & build your dreams there.

*Uranus Square Neptune Orb: 03°58'*

A good sense of originality in developing a relationship will tend to keep things interesting for both you and a partner without pushing things too far or going over the deep end. When things get boring, you can count on a flash of inspiration.

*Sun Trine Uranus Orb: 04°10'*

## Chapter IX. Imagination - Ideals - Spirituality

### Key Quality

If there is anything you most desire in a relationship, it is fairness and justice and equality. Unfortunately, it is hard to get them to come together at the same time: fairness to one is tyranny to another. The art of loving compromise is the way.

*Neptune in Libra*

### Key Activity

You will likely have a strong attraction to wafty, nebulous persons whose charm is heightened by their inability to be pinned down. Ah, the elusive lover! If you're going to follow this one, better have your feet on the ground or nothing lasting will be

*Neptune in Seventh House*

### Chapter Highlights

You are self-sacrificing and devoted to your career. Your humility and selflessness often go unnoticed by others. You are well suited to the helping professions. You also have good intuitive and psychic abilities.

*Neptune Sextile Midheaven Orb: 01°01'*

Dissembling responses to others appear to be self-protective, but sow confusion and distrust in the long run, so take extra care to say what you mean, mean what you say. Better to say nothing than to give an easy, but misleading, reply.

*Moon Square Neptune Orb: 01°26'*

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.

*Neptune Sextile Pluto Orb: 02°49'*

Where you believe life is leading you and where you actually wind up may be rather different, but do not reject who and what you are because it isn't what you expected (an easy mistake). Take what's there as a bottom line & build your dreams there.

*Uranus Square Neptune Orb: 03°58'*

special effort to plot your course before you depart on your journey. Clear skies at the start do not imply clear weather to come, so don't proceed unaware; ask.

*Jupiter Square Neptune Orb: 07°45'*

## Chapter X. Compulsiveness - Fate - Mission

### Key Quality

You are of a generation that believed it could change the world through belief, determination and sheer right. Although the mark was made, you thought you were in charge -- and that was your loss, for no one ever is. We have but to influence for better.

*Pluto in Leo*

### Key Activity

You may find that you can control people best by securing a grip over the kind of things they don't like to do for themselves, but have to have: service areas in general. Enjoy the power, but be faithful to the responsibility that goes along with it.

*Pluto in Sixth House*

### Chapter Highlights

A reputation for strength, forcefulness, and will is nice to have and where you can't live up to it you generally won't have to. Nevertheless, what people say about you will endure, so put your ear to the ground and listen for the good word.

*Pluto Trine Midheaven Orb: 01°47'*

Inner beliefs and convictions will go hand in hand with fantasies, allowing clear and forceful expression of inner needs even when it does not seem likely or even possible. Faith and trust will not break, but overrun all barriers that arise.
